		<i>E1</i>		<p>Liminal space is a place where boundaries disappear and we stand there, on the doorstep, getting ourselves ready to move across the limits of what we were into what we are to be. It represents a period of ambiguity, of marginal and transitional state characteristic for any psychotherapy and individuation process in general. The seminar will focus not only on the theoretical aspects of the phenomenon, but also on the practical with the self-experiencing exercise. Self-experience seminar.</p> <p>Dragomir Kojic, Diploma CGJI Zürich</p>
